My name is Austin Hong and I'm a San Diego native and a resident of this wonderful community for the past seven years. I've been a proactive board member since we first moved in and have enjoyed serving as the webmaster, in addition to heading up the technology committee, as well as being involved with the gate operations and security committees.

Why would you like to serve as an Alvarado Estates Board Member?

During my time on the board thus far, I've worked hard to leverage new online tools to help the board operate more efficiently, effectively, and securely. I look forward to revamping and streamlining the website to serve our members better and make our community even more attractive to potential home buyers, as well as helping to tackle many other HOA projects ahead.
